I certify, on honor, that the above Requisition is correct and just, and that I have not drawn fuel for any part of the time above charged.

Abstract The purpose of this study was to determine the effect of a 12-week, low-intensity, supervised walking program on the physical and psychological health of sedentary, middle-aged women. The study was a randomized, controlled trial. The subjects were 40 sedentary, middle-aged women who were randomly assigned to either a supervised walking program or a control group. The walking program consisted of 12 weeks of supervised walking, 3 times per week, for 30 minutes per session. The control group consisted of 20 women who did not participate in the walking program. The physical and psychological health of the women was assessed at baseline and at 12 weeks. The walking program had a significant positive effect on the physical and psychological health of the women. The women in the walking program had significantly lower body mass index (BMI), waist circumference, and blood pressure than the women in the control group. The women in the walking program also had significantly lower levels of anxiety and depression than the women in the control group. The walking program was a safe and effective intervention for improving the physical and psychological health of sedentary, middle-aged women.

Dear Sir

Your enclosing remarks on my returns up to 31st January 1862 just received & noted.

1st A/c of & Deft Note

"A/c of Purchase - total should have been taken up on Return & not separate articles"

This was the first effort at making out returns - I learned better & corrected the error afterwards.

2nd "Return of Provisions. Receipt No 5 of Voucher of receipts does not correspond with what is taken up on your returns"

I have carefully examined my Ret. and cannot find the error referred to.

3rd "Your reports of boards of survey are informal and want approval of Comd^y Officer"

This I cannot now remedy. Col H. C. Whitham was Comd^y at the time, has since resigned & left the service, his successor for me to get the approval. Now the Regt was under marching orders at the time the survey was made. I was forced to act hurriedly & see the property or leave it - the report of survey already furnished is all that that is possible for me now to furnish.

4th "Is Mr. Ellis your Regimental Inspector?"

No. why do you ask - I have no recollection of any one by that name, an officer in the Regt.

"Your Monthly Summary Statement
Wanted"

I had no public funds on hand - except
the small amount from sale of damaged
property & Sales to Offices. I therefore
sent no Statement of Cash Till. Nor
any Returns. In which Statement will
be found the disbursements of Sept & Oct.

"Quarterly Rets for 3rd Qr 1862 wanted"
I had no property to account for at
that time except 15 Meal Sacks which
are accounted for on Rets for 4th Quarter.

Oct. Rets

"Abst. issues to troops Ret No 11. does
not give no men"

"Monthly Summary Statement wanted"

was left in Camps. When the Regt moved.

buf. against the Govt."

Error in addition Charge to me;

2nd "Abst. issues to troops error 10 rations meal
against Govt."

Error in addition Charge to me.

12 lbs Meal @ $\frac{2}{3}$ 80¢

3. What issue to Troops Error 30 salins flour
against yourself also 100 salins Rice"

I Cannot find the error in flour
referred to - The Rice is a fair in
issue & is so charged farther along in
my returns -

"What issue to Troops in reducing sugar
to bulk - Error 20 lbs against Govt"

Error in Calculation. Charge to

Me = 20 lbs Sugar. C.S. &

1.00

6. "Ret. of Provisions What was done
with damaged Bacon"

This bacon was first issued to Troops
& on Complaint being made to Cal Comdy.
the Survey was ordered - who decided
the bacon unfit for use - a new issue
was ordered in its stead - the damaged
bacon was never returned to the C.S.

"Whiskey issued on Order Comdy Office"

find. My duplicates Total Recd. 15050, total
issued 14054 - but on hand 996. Which is

Dear Sir

I beg leave to recommend Lieutenant
J. Boulton of the State for the position of Captain
in Artillery an ordnance duty. Lieut Boulton
was a cadet at Westpoint, reading when the
War broke out. He took place. He is perfectly competent
and was appointed lieutenant in regular service.
He has been since October 1861 Chief Ordnance
Officer of the family and district of the State. I think
from my understanding of the matter that he
is entitled to this position by General Order No 24
Part III Series of 1862. He is intelligent energetic
and thoroughly competent. I cordially recommend
him for the above position.

From James A. Seddon Sect. of War.
Confederate States of America

Sir

I would respectfully submit the following
That Charles H. Boggs has been appointed by the
authorities of the Meth. Episcopal Church, to the
pastoral charge of the Churches, in the County
of King William, numbering some three or four
hundred communicants, among whom are
many of the relatives of our soldiers - their
wives, parents, & children. I would further
submit that Mr Boggs has served as Chaplain
of the 9th Regt Va. Inf. for the past two years, &
on the reception of the appointment in King
William offered his resignation as chaplain
which was approved & forwarded by Col. Beale
Col. Chamberlayne Commanding Brigade and
Major Gen. Lee but it was not approved
by the act of the

16 Feb
1870.

three or four hundred communicants and
their families are left without a pastor and
I am unable to supply them with one, as
the Virginia Annual Conference at its last
session appointed about twenty five of its
members to serve the Army of Virginia
communicating by that means the number
to supply the appointments within the
bounds - my position as Presiding Elder of
the Richmond District devolves on me
the duty (in the interim of the Conference) of
supplying King William with a pastor and
being persuaded that Gen Stuart would
have acted otherwise if he had known
all the facts in the case. I respectfully
request that Mr Boggs resignation may
be accepted & that he be allowed to
take charge of a field promising quite
much usefulness to the cause of
the Gospel in the District.

a requirement, and I think much

more.

Very Respectfully Submitted

Maj. Gen. Beauregard.

General.

I have the honor to inform you of leave of absence until the expiration of my term of service, the 10th of next July.

The reason for making this application is that the company of which I am in command is now reduced to a squad of seven men, three of whom are at present at this post not fit for service - one of the seven being absent without leave, two in the Marine Hospital at Mobile, where they have been confined for two months and the other having his discharge withheld in approval. This state of affairs has been assumed by the recruitment of my men for the war and their transfer by special order, to the organizations before their term of service has expired.

Under this reason, I may be able, if I can obtain your approval of this, to enlist another company for the Confederate Service.

Very Respectfully,

Wm. A. R. R.

General,

Since my letter of the 28th inst, Genl Smith has learned that none of the troops designated are armed - if such is the case, he desires that you will arm them, if possible, from your supplies. The concentration of these troops upon the Sabine place them in front of Genl Banks should he attempt to reach Texas by direct march. It also places them at a convenient point for action, should the enemy undertake the coast of Texas.

It is of the greatest importance that all the disposable force, under your command should be concentrated with dispatch upon the Sabine. Genl Herbert will communicate more fully with you upon the subject.

My Dear Captain

I enclose the pattern and
dimensions for Muzzle sight. Please have as
many made as you see fit - for each, send them -
in metal - The drawing is for the new Colum-
biad - The Bottom or Base is the radius to the
the muzzle - The thickness of the Base will
depend upon material from which it is made.

In place of a simple round hole for the screws
I have put slots that the sight may be
adjusted to the line of metal. Have the screws
made for each, but without the thread, so that
they may cut the thread corresponding to the
Taps. The important dimension is given for
each calibre the pattern being similar for all.
Care should be taken to have the line from
point, perpendicular to the curve of Base.

Bring them up plain and send in two.
I will get up some wooden blocks sight-
ing that will answer with great accuracy
Muzzle sight. For unity look from all
and from front - (Make sure eyes)

a slide on the track. Expect (hope)
to get through by daylight if I do

that it is more important to hurry on

In conversation with him find he is

of Capt. Henderson is to be sent
to me that the all

an officer of consequence at that
point, will avail peculiarly at
this juncture. It is the "point of
affair" for considerable com-
munity influence. It is the
centre of a very rich region -
the valleys of the head waters of
the James - extending to the
rich valleys in the counties of
Botetown, Craig & Alleghany,
besides Rockville & has the
advantage in transportation of
the Canal, as well as railroads
(with short wagonage) facilities.
- In short, I think that with
a man of consequence at Leasing-
ton, with discretionary powers, ~~that~~
could be obtained at this

or some such man who is willing
to undertake it, as a central point
- with brides agents, like Prof. J. L.
Kellogg, & Prof. J. L. Campbell, and
Prof. J. J. White (already on Committee
of Safety, he may be omitted) and
Robt. J. White & such men in Rock-

unexhausted region) the greatest
immediate results could be ob-
tained.

Applies for
appointment
in the Engineer
service.

Rec'd Sept 6/61

To His Excellency, Jefferson Davis
President of the Confederate States

I respectfully ask your attention to
the following statement:

After serving twelve years in the
Coast of the United States, resigned in
captivity; and under Col Holmes C.S.A. then acting
as Brig. Genl. in charge of Coast defenses of North
Carolina - and Maj W. H. C. Pruitt Corps of Eng. C.S.A.
(Capt. General &c.) was appointed to erect batteries
for the defense of Cape Fear River.

I completed three batteries and other
defenses adjacent thereto - but was compelled, after
the departure of the above named officers, to give
place to others appointed by the Military Board
of that State.

I am desirous of taking an active part
in the service of my Country; and think that I could
render more effective service as an Engineer than in any
other capacity.

If you think I have any claims on a
Government for which, from principle, I gave up
a support for a family, be kind enough to

give me an idea of your earliest connection.

Very respectfully,

Wm. S. Bolles, 2046,

The master armorer, Art. Imbach,
informs me that, a small chuck belonging to a
"Slide Lath" purchased some years since of Shreve & Bros
"Cumberland", stands for the rifle works at Harper's
"Perry, is missing"; and he has reason for believing that
this chuck can be found at the Richmond armory. The
chuck is a universal one - 7 or 8 inches in diameter, and
much needed here.

I respectfully request that you direct
the chuck above referred to, to be forwarded to this place.

Sir: In answer to your communication of the
20th inst, (just recd), I would briefly state that
I had no Government funds in my charge; but
after the death of Major Booth, which was in
Command - and before a board was appointed to
transfer the funds left by Major B's Capt Daingofield
the M.S.R. & M. Master at this post - it became neces-
sary to use \$250. for the public service in paying transpor-
tation for St. Talley in charge of a Whitworth battery from
this place to Baton Rouge: The funds belonging to
the Confederate Government, and only in my keeping until
I properly turned over to Mr. Storekeeper Daingofield
I took a receipt from St. Talley for the amount
of \$250. taken from the safe and returned the receipt
to the safe as a voucher for the amount taken out.

I enclose you "Copies of all orders to purchase mules
or horses" all of which I hope will not
only prove satisfactory: but aid in bringing to a close
the settlement of Major B's account.

When orders have not been filed with vouchers rendered
therefor, you will please advise me, when I will be
able in forwarding to your office all the information
relative to the necessity and nature of such services.

Col.

I respectfully request that the appointment of Mr Geo. W. Bolling as Captain & A.C. be made & he ordered to report to me for assignment. This young man is of most worthy character and although disqualified for military service has for a long time been in the service of the Government: he is qualified for the position he is now in my hospital - I am sadly in need of A.C.'s & with the reductions of late which have been made in my department I cannot see how I am to do justice to the Army & the service in the coming Campaign. I have not now sufficient officers to establish the requisite depots & the necessity will increase with active operations about to commence. I need him at once & would be glad if he could be commissioned immediately.

Very Respectfully
R. L. Cole

Solicits a Furlough for thirty days
any assigns as his reasons for
desiring the same

conduce greatly to his recovery -
He further states that since his

performing the duties of his office, I further
declare my belief that said officer will

Capt. L. T. Bolling A. 2. M. Meridian Miss Jan 27 1864.

Of Company Regiment, Brigade, Division,
having applied for a Certificate on which to ground an application for Extension of Furlough
the Board of Examiners have carefully examined this Capt. L. T. Bolling and find he is
unfit for duty in any of the Military departments
in consequence of Phthisis Pulmonalis

from the effects of which he has suffered Twelve Months and been
unfit for duty two Months

We further declare our belief that he will ^{never} be fit for duty in any Military department
in a longer period than

We assign as particular reasons why this Officer should
be prolonged - that he has forwarded his resignation & is awaiting
its acceptance & should not be confined in Hospital

I herewith enclose certificate from J. H. Hill stating that James Jones and J. B. The duplicate introduced by you will substitute for the one sent in to you. I have also the original receipt returning to me now in your possession. The price of the coffee was to have been \$11.00, but it was settled for \$700.00. It was all that was paid for it in the bank. The \$720.00 was for service of H. A. Dear Sir

I have the honor to acknowledge the receipt of your letter of the 11th inst. in relation to the appointment of a Surgeon to the 1st Regt. of Cavalry. I have the honor to inform you that this office is not at any rate what has been - When he was on regular service in this command I sent him on special duty to the 1st Regt. with orders to return promptly & he remained absent for more than two months without reporting - He was released by Capt. Hargrave just as I was about to report him to be dropped - Since then I understand he has been in the 1st Regt. - The order which has been issued does not require an answer from him to be here - I have accordingly sent him to go.

Richmond 24 March 1862.

As division officer of Engineers attached to the War Legation the accompanying documents have been handed over for approval, under many circumstances I should know how to act, but after what occurred on the Island I am at a loss how to proceed. The facts are there, as soon as practicable an receipt of your orders dated 18th Jan^y to prepare to superintend and take in charge the pile driving and other works in and about Roanoke Island for its defence & in which St. Selders was relieved from the superintendence thereof and ordered to act as assistant. I proceeded to that point & arrived there late on the evening of the 28th Jan^y the next day I handed St. Selders a copy of your orders & requested him at the same time to have all the Engineer's property on the Island at once to me, this he said he would do, but from day to day, I was put off by excuse as he stated of his not being able to get together a list of returns of such property. On or about the 30th Feb^y St. Selders, the chief Engineer of Genl. Sigler's dept. came down from Norfolk, I at once went to see him but failed in doing so. He called at my quarters on the morning of the 5th but not finding me in, had a long conversation with St. Bagwell, the substance of which he himself repeated to me on the evening of the 6th while in Port P^t Battery. He said that after my arrival St. Selders had written to him, with reference to my rank, which caused him to address the Engineer Bureau in Richmond, by whom he was informed that I held no commission to act as Engineer & therefore he being chief of that dept. could only recognize St. Selders as officer in Command of Engineers on the Island. I told him the date of my commission & that I was ordered by the Secy of War to report for Engineers duty to you, upon which he said he would have it made all right on his return to Norfolk. I remarked that I should have it made right, but that the enemy being there in sight it was no time to talk about rank, that if necessary I was willing to go to work with either a Spade or pickaxe. He assented, and on the night of the 7th St. Bagwell & myself alone superintended the repairs of Port P^t Battery. After my leaving the Island and joining you, I at

any rate supposed I was in charge of the Engineers of the
Legion; but whether I was there, or will be recognized as such by
the Bureau is another question.

As regards the Barge "J. I. Smith" which I sunk at
the mouth of the A. C. Canal, I should judge \$950 to be a
fair estimate of her value.

Of the others, I can only state that a Steam Dredge
was captured by the Yankees on the Island, but she had never
been in my charge. Another one, I did sink in the Canal,
but I have no knowledge of the value of either or them, to ascer-
tain which (together with that sunk at North Landing,
after my having been ordered by you to Norfolk.) the most
proper plan I imagine would be to have referees appointed
who could then estimate the fair value of each.

Yours respectfully
H. Bottero

Richmond 25th March 1862

In obedience to orders, on the 16th February I departed from Great Bridge in company with Genl. Huger, and proceeded to Norfolk, leaving with me two boats to Commodore Forest in command of the Navy Yard at that place, to aid me in getting the Voltaic Battery, and procuring the necessary wire and other material for working the same. I found there was no wire in the yard, but Capt. Peterson to whom Commodore Forest referred me, was disposed to give me every facility in his power, having on Tuesday the 18th Feb. Genl. Huger, after stating to me that the Battery would be a most valuable thing not only for the Canal, but for the defence of the city, said he had no time to attend to it, and then ordered me to Richmond to see about it. I then asked him for written orders, which he refused saying that he had no time even for that, but handed me an order for transportation, which I procured and came on here. On my arrival I called upon Capt. Price, in charge of the Engineer Bureau, who said he would do all that he could to assist me, and at the same time purchased a double quantity of Leffels wire, which he handed over to me, and was on the Canal.

I afterwards learned from the enquiries I made
at the different departments, and of private persons
that the Government had several miles of the
wire, which it was supposed they intended using
for the same purpose as that proposed by you.
I saw at least 5 miles of it, which they had
to mutilate but had failed to do.

Another apparently beyond their comprehension.
I also learned that all the material could be
procured here but in consequence of the receipt
of your letter dated 22nd Feb. which only reached
me some days after, I delayed proceeding in
the business until further order.

I should like to state my supposition to be
that on the proper requisition being made I
could have the battery in working order in
about four days.

Yours Very Truly

Reception of

S.M.

Receiving Hospital 3rd Corps 2
Spottsylvania Co May 29. 1864

Sir

Being unable to communicate
with the proper medical officer in the
field I have to ^{state} give my present and
then are at this post eighty three men
including attending surgeons, dressers
officers and company attendants, such as
nurses &c. For the last few days we have
for two days this whole country has been
devoid of provisions so that the soldiers
have not a sufficient supply of
supply for domestic consumption. My
small stock of stimulants is exhausted
and I have but a few packets of powder
and these I am compelled to use sparingly.
Under these circumstances it is not
prising that the mortality is high
and will continue so.

circumstances, I am utterly unable
to assist and can only stand by and
my men waiting for lack of subsistence
and shelter. The picture which I
draw of the condition of my hospital
is but an exaggeration of those of
other hospitals in my neighborhood.
The hospital subsistence is
small for about five hundred
wounded men. The number of the sick
wounded will be transported and
of the hospital attendants are added
men who ought to be with their
wounds.

I am respectfully begging you
to give your attention to the
subject.

this post as promptly as possible under
by their subsistence sufficient for subsistence
our pressing necessities. On its return this
train might be laden with the sick and
wounded capable of bearing transporta-
tion. By two trips nearly all could be car-
ried off and a large number of able-
bodied men could then be returned to
their commands and the surgeons men
almost wholly employed could be returned
to their respective posts of duty.

By your prompt attention to the subject of
this communication you will perform
an act of humanity and greatly oblige

Yours very respectfully

Sir It is my impression that Dr Parois
was simply assigned to this post without a contract,
the assignment was made at your office. It turned
out that he was only a private ~~physician~~ owing to ill health

time of his entering the army. He was assigned to this post on
my recommendation but I was not aware at that time that he
